

High Efficiency Track Light

YOKO

High luminous efficiency helps energy-saving by using 98% German Alanod Material for reflector, the luminous efficiency can reach **up to 170lm/W**, saving more energy than traditional track light, effectively reducing the operating costs.

YOKO Series
HIGH EFFICIENCY SPOTLIGHT

YOKO XS

YOKO S

YOKO M

YOKO

Features

- High efficiency lighting solution
- Efficiency up to 170Lm/W
- In-Track LED driver for simplified design
- Integrated installation effect
- Reflector: 98% German Alanod Material

Specifications

- Dimming modes: Non-Dim, DALI
- Beam angle: 15°, 24°, 40°, 60°
- Physical: aluminium, powder coating

Type

Light distribution

Track Adapter

1-Circuit

3-Circuits
